DISTRIBUTORS /IMPORTERS:

If your operation is 100% cross docking only – the distribution of organic products would be covered by an Attestation of Organic Compliance.

If your distribution operation includes repackaging or labelling of organic products you must apply for Organic Certification for those products.

It is advisable to have knowledge of the Canadian Organic Standards prior to applying for the Initial Certification or an Attestation of Compliance as the standards form part of your operational systems plan. (PDF copies of CAN/CGSB 32-310 and 32-311 – 2015 amended March 2018) and the Safe Food for Canadians Regulations (SFCR) Part 13 will be included in the application package).

Application packages are sent electronically over 3 – 4 emails which include a lot of attachments –please be sure to check your spam filter in case they become filtered out for some reason.

Thank you for your interest in FVOPA for your certification or compliance services.

We look forward to working with you in the near future.
